Safety Tips:

1. Never smoke in bed.
2. Locate fire exits on this floor.
3. Count the number of doors to the nearest exit, and check for any possible obstructions.
4. Locate fire alarm pull stations on this floor.
5. Check any windows to see if they can be opened; if so, determine how they open.
6. Keep your room key on a table next to your bed.
7. If you leave your room, keep door closed and take your key.
8. Write down the number for the local fire department and keep it next to the phone. THE LOCAL FIRE DEPARTMENT NUMBER IS: 911.

In Case of Fire:

1. **Don't Panic;** Remain calm.
2. Report fire to fire department as appropriate.
3. If room is smoky, get on hand and knee (or stomach) and crawl to door.
4. Feel door knob; if HOT, do **NOT** open door; if cool, open slowly.
5. If hallway is smoky, stay next to wall and count the doors as you crawl to exit.
6. Do **NOT** use any elevators.
7. Do **NOT** prop open doors to exit staircase.
8. Hang on to handrail and walk **DOWN** exit staircase.

If You Cannot Leave This Room:

1. Wet sheets, towels or clothing and stuff them in all cracks around doors and vents.
2. Check to see if there is smoke **OUTSIDE** window; if **NO** smoke and if any window can be opened, hang a sheet or light-colored material outside.
3. Fill bathtub (or sink) with cold water for firefighting.
4. Using a container, keep doors and walls wet.
5. If room is smoky, fold a wet towel in a triangle and tie over your nose and mouth; stay low.
6. Make yourself visible to rescue personnel through any window or balcony; **DO NOT JUMP!**
7. Keep firefighting until help arrives; **DON'T GIVE UP!**

For Your Safety:

1. Fire extinguishers are on every floor.
2. Emergency lighting and exit lights.
